Friedrich Wilhelm Nietzsche : Thus Spake Zarathustra(Annotated) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Thus Spake Zarathustra(Annotated):

2 of 2 people found the following review helpful. Four StarsBy AUDREY BARKAWOW! I believe I'm a Zorathustrian!! His anger at false teachings match mine0 of 0 people found the following review helpful. Five StarsBy Greg Smiththanks0 of 0 people found the following review helpful. This is one of my favorite books by NietzscheBy CustomerThis is one of my favorite books by Nietzsche. Though provoking and enlightening to read. Brings forth issues that are still relevant and imposes ideas that leave you questioning much more than you would expect. Amazing philosopher. A littler crazy but amazing. haha

Thus Spoke Zarathustra (German: Also sprach Zarathustra, sometimes translated Thus Spake Zarathustra), subtitled A Book for All and None (Ein Buch für Alle und Keinen), is a written work by German philosopher Friedrich Nietzsche, composed in four parts between 1883 and 1885. Much of the work deals with ideas such as the "eternal recurrence of the same", the parable on the "death of God", and the "prophecy" of the Overman, which were first introduced in *The Gay Science*.

, also translated as Thus Spoke Zarathustra. Treatise by Friedrich Nietzsche, written in four parts and published in German between 1883 and 1885 as *Also sprach Zarathustra*. The work is incomplete, but it is the first thorough statement of Nietzsche's mature philosophy and the masterpiece of his career. It received little attention during his lifetime but its influence since his death has been considerable, in the arts as well as philosophy. Written in the form of a prose narrative, *Thus Spake Zarathustra* offers the philosophy of its author through the voice of Zarathustra (based on the Persian prophet Zoroaster) who, after years of meditation, has come down from a mountain to offer his wisdom to the world. It is this work in which Nietzsche made his famous (and much misconstrued) statement that "God is dead" and in which he presented some of the most influential and well-known (and likewise misunderstood) ideas of his philosophy, including those of the *Übermensch* ("overman" or "superman") and the "will to power." Though this is essentially a work of philosophy, it is also a masterpiece of literature. The book is a combination of prose and poetry, including epigrams, dithyrambs, and parodies as well as sections of pure poetry. -- The Merriam-Webster Encyclopedia of LiteratureLanguage NotesText: English, German (translation)About the AuthorNietzsche has been proclaimed the seminal figure of modern philosophy as well as one of the most creative and critically influential geniuses in the history of secular thought.
